(Approved January 5, 2009)

Preston, Timothy Roland and Ray Kolb. Also in attendance were Bernard A. Rodgers, Township Manager, Mark A. Hosterman, Esquire, and Brady L. Flaharty, Township Engineer.

Mr. Rinehart called the meeting to order at 7:15 p.m. and the pledge was recited.

Mr. Rinehart noted that an executive session was held before the meeting and the Solicitor will provide the subject matter.

Mr. Rinehart asked the Township Engineer for a sewer project update.

Sewer Update

Mr. Flaharty reviewed ARRO Consulting, Inc.'s letter dated December 5, 2008 regarding final closeout of the Phase 2 sanitary sewer project and noted that the road drainage issue at 64 Country Lane had been satisfactorily addressed by Abbonizio Contractors. Mr. Preston inquired what the AM Best rating was for Arch Insurance and Mr. Flaharty stated he would have to look into that. Mr. Kolb asked what the amount of the final release would be and Mr. Flaharty stated $127,000 and change. Mr. Preston stated before the closeout documents are signed the AM Best rating should be obtained.

There was not any public comment regarding the sewer project.

Mr. Kolb moved to release the balance of $7,000 in addition to the original $125,000 for the Phase 2 sewer project pending the successful review of the insurance. Mr. Roland seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Preston moved to approve Ordinance No. 151, amending Chapter 22, Subdivision and Land Development Ordinance. Mr. Roland seconded the motion.

Mr. Kolb noted his concern that widening the streets would encourage on-street parking and that the Township Planning Commission had recommended that this ordinance not be approved.

Mr. Rinehart called for the vote. Mr. Preston voted yes. Mrs. Miller voted yes. Mr. Roland voted yes. Mr. Kolb voted no. Mr. Rinehart voted no. **The motion** carried with a 3-2-0 vote.

Hearing and consideration of adoption of Ordinance No. 152 amending Chapter, 27, Zoning Ordinance

Mr. Preston moved to approve Ordinance No. 152 as written. Mr. Kolb seconded the motion.

The Township Planning Commission's comments were noted, citing the question of the spelling of Bickle's.

Michael McGee, Executive Vice President of the Home Builders Association, was present and provided comments. He inquired about the intent of the ordinance noting concern over increasing the stream buffer to 100' and asked if there was to be more flexible with the 100' buffer and use Best Management Practices on site plans instead. Mr. Rinehart stated that the Northern Federation had chosen the 100' buffer and Mrs. Miller noted that the County and State were going with such buffering. Mr. McGee stated that such a large buffer would reduce the value of development property and that at this time there was not a definitive statewide guideline for riparian buffers. Mrs. Miller stated that the Northern Federation felt the 100' buffer was a good compromise.

Mr. Rinehart asked what would happen if this ordinance were tabled and Mr. Hosterman stated it would have to be advertised. He further noted that if the proposed 100' buffer needs to be changed it may be done at a future date even though the Ordinance were adopted tonight.

Mr. Rinehart called for the vote. Mr. Preston voted yes. Mrs. Miller voted yes. Mr. Kolb voted yes. Mr. Roland voted yes. Mr. Rinehart voted no. **The motion** carried with a 4-1-0 vote.

   - In the last paragraph Mr. Rinehart seconded the motion and Mr. Preston voted no.

2. **PUBLIC COMMENT**

   Gail Brown of 500 Sanatoga Road inquired about the purpose for executive session and Mr. Hosterman stated the items discussed were matters of potential litigation concerning Woodcrest Estates, Meadowbrooke Hunt and Blossom Meadows II.

Mrs. Brown noted at the last meeting an agreement with Exelon for police services was discussed and inquired about the progress of that matter. Mr. Hosterman stated that he received a full copy of the agreement from Exelon at the end of November and a review of same to Exelon's Counsel but has not yet received a response.

Noel Billingsley of 2414 East Cedarville Road noted his concerns regarding the Historic Resources Map and the effects it may have on designated properties including: economic impacts, insurance costs, property value and the ability to sell. He asked what the status of the Historic Resources Map. Mr. Preston stated the proposed ordinance to adopt the Map had been voted down by the Board of Supervisors. Mr. Hosterman stated that properties affected are those properties on the National Registry and the Pennsylvania Registry.

Diane Thomas of 179 Kulp Road noted that her property was listed on the Historical Resources Map and asked if the Map would be reconsidered in the future and, if so, how the property owners would be notified. Mr. Rodgers stated that the same process would be followed as before and all property owners would be notified by mail of any proposed action.

Mrs. Thomas asked if the public has anything to say about the budget and noted that by looking at the budget there didn't appear to be any economic problems because of the personnel raises given.

3. REPORTS

Township Manager's Report

Maack Property Easement

It was discussed that the Township had purchased the Maack property about six years ago and then approximately two years ago sold the development rights through the Chester County Agricultural Preservation Program. This had required the filing of an easement on the entire property limiting use for agricultural purposes only. This had the unforeseen consequence of nullifying a trail around the perimeter of the property that the Township had included in a lease to a local farmer. As a result the public was no longer allowed to use the trail.

This had been brought to the attention of Chester County and Bill Gladden Director, Chester County Open Space and Preservation Department sent a letter dated November 26, 2008 stating that if the Township would agree to reimburse the an amount equal to the value of the area of the trail the County would survey the trail out of the parcel and revise the agricultural easement.

A discussion ensued among and between the Board members and several members of the public. Mr. Preston noted that the Township would have to pay back approximately $6,000.00 per acre for the trail area to be deducted from the easement and that a decision should not be made until the approximate amount of reimbursement was calculated. Mr. Kolb noted that the amount of the reimbursement would not be significant and that the Board should agree to the County's proposition. Upon further discussion Mr. Flaharty, Township Engineer, agreed (at no cost to the Township) to estimate the trail area before the

next Board meeting to provide an idea of how much the trail easement reimbursement would be.

Members of the public who spoke in support of the Township reimbursing the County for the area of the trail and having it deducted from the easement included: Joseph Clark of 134 Springcreek Lane; Karen Nocella, Chair of East Coventry Parks and Recreation; Bob Caldwell of 364 Fulmer Road; Jane Christopher of 249 Eblehare Road; and Lane Daylor of 689 Pigeon Creek Road.

Mr. Preston moved to have the Township Engineer go to the Maack Property and designate an area that would be an appropriate easement. Mr. Roland seconded the motion.

Mr. Rinehart noted that they have a motion on the floor made by Mr. Preston and seconded by Mr. Roland.

Mr. Roland inquired how much it the cost would be for the Township Engineer to establish the amount of area need for the trail and inquired if the task could be done gratis and Mr. Flaharty agreed to do the work at no charge to the township. **Mr. Rinehart called for the vote. Mr. Preston voted yes. Mr. Roland voted yes. Mrs. Miller voted yes. Mr. Kolb voted no. Mr. Rinehart voted no. The motion carried with a 3-2-0 vote.**

Reimbursement of Costs Treatment Plant Expansion

Mr. Rodgers noted that entered a Capacity Reservation Agreement (CRA) with Heritage Building Group and High Associates that provided for reimbursements to Heritage Building Group and High Associates as a result of the NORCO Sewer Treatment Plant expansion and construction of the Common Sewer Facilities. Since the completion of the Phase II sewer project 182 properties had connected to the sewer system and 4 properties had connected to the Phase I sewer project for a total of 186 EDU's. The capacity reimbursement part of the Township's tapping fee is calculated at $2,135.37. Therefore, the amount due at this time would be $397,178.82. According to the CRA Heritage Building Group is to receive 65.5% of any reimbursement and High Associates is to receive 34.5%, therefore, $260,152.13 should be paid to the Heritage Building Group and $137,026.69 to High Associates.

Mr. Preston moved to authorize the Township Manager to cut the two (2) checks for the amount stated in the Manager's Report for the sewer plant expansion to Heritage Building Group and High Associates. Mr. Rinehart seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Parks and Recreation Committee Report

Mrs. Nocella, Chairperson of the Township Parks and Recreation Committee discussed with the Board the need to reword the fee-in-lieu language in the SALDO so that funds for recreation purposes could be identified and utilized properly. She noted that DCNR guidelines would be helpful in making these changes.

Mrs. Nocella also noted that Parks and Recreation Committee would like to change its name to East Coventry Parks, Recreation and Conservation Committee.

Mr. Rinehart asked if a resolution for such name change be required and Mr. Hosterman noted that it would.

Mr. Roland moved to have the Solicitor draft a resolution for the requested name change. Mr. Kolb seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Preston moved to authorize the Township Solicitor to modify the Subdivision and Land Development Ordinance to incorporate the latest revisions to the MPC and associated guidance that he feels is adequate regarding the recreation fee in lieu of. Mr. Roland seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Reports from Various Departments and Committees

Mr. Kolb moved to approve reports from various departments and committees. Mr. Roland seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Preston stated he was just given a report from Mr. Rodgers regarding the status of developer agreements. Mr. Preston stated that he has noticed a sewer smell at the intersection of East Cedarville and Harley Roads.

4. SUBDIVISION AND LAND DEVELOPMENT

Project: Meadowbrooke Hunt Applicant: Fulmer Road Associates, LP

Tim Mullray, developer of Meadowbrooke Hunt was present.

Mr. Preston moved to table all action on Meadowbrooke Hunt so the Township Engineer may establish a cost for any remaining uncompleted public improvements

There was a lengthy discussion regarding the acceptance of public improvements by the Township, the construction of the emergency access road or payment of a fee in lieu thereof, a request for a release of funds presented by the Developer, and stormwater related problems experienced by neighboring property owners, Mr & Mrs. Robinson who were present with their attorney.

At last months meeting the Developer was asked to obtain a letter from the Fire Chief recommending whether or not an emergency road was necessary. Mr. Hosterman stated he is in receipt of a letter from the Fire Chief stating that emergency access is not necessary but requesting that any fee-in-lieu be donated to the Fire Company. It was also noted that the Township Planning Commission made a recommendation that the emergency access be built. Mr. Hosterman stated that for the development to move to dedication the developer needed to supply the Township a certification from the Chester County Conservation District regarding the implementation of the stormwater management plan. The Township Engineer noted they are in the process of reviewing the as-builts.

Mr. Hosterman discussed a meeting held prior to tonights Board meeting with Mr. Mullray, the Robinson's and their attorney Ms. Venzies, the Township Engineer and Township Manager. He noted that there really was not a resolution to any particular issue and some

engineering would likely be needed to resolve those issues. Mr. Hosterman stated that legal recourse is contained in the developer agreement.

Mr. Preston stated that the Township Engineer had recommended the release of $26,264.14. Mr. Mullray objected to that amount stating that had done the work as required and needed the full amount of his request ($57,359.5) released in order to pay his contractors. Mr. Hosterman advised that Mr. Mullray did not replenish the construction escrow as requested by the Township otherwise more funds could be released. Mr. Hosterman asked if the amount remaining would leave the township enough money to construct the emergency access if necessary

Mr. Preston moved to approve Escrow Release No. 7 for the amount of $26,264.14. Mr. Kolb seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Preston rescinded his original motion to table all action regarding Meadowbrooke Hunt.

Mr. Preston moved to table discussion of the fee in lieu of constructing the emergency access road. Mr. Rinehart seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Mullray presented copies of letters from neighboring property owners objecting to the installation of the emergency access.

Kim Venzies, counsel for bordering property owner, noted concerns of serious water problems on the Robinson property and provided pictures of flooding to the Board to observe. Ms. Venzies stated that stormwater concerns were brought before the plan was approved and Mr. Mullary did not follow through with what he said he would do. Mr. Mullray said he will be in contact with the Robinson's but at this point nothing would be able to be done to solve their problems until the spring. Ms. Robinson noted that they brought up the stormwater issues well in advance of the development being built in hopes of avoiding stormwater problems.

Project: Coventry Self Storage Applicant: Ronald Elliott

Mr. Kolb moved to approve Escrow Release No. 12 for Coventry Self Storage for the amount of $46,794.17. Mr. Roland seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Project: 88 Wells Road, LLC Applicant: 88 Wells Road, LLC

There was a discussion regarding waivers for the 88 Wells Road, LLC project.

Mr. Preston moved to deny the waiver request from Section 304 of the Subdivision and Land Development Ordinance, thereby requiring the applicant to follow the standard procedures for preliminary and final plan submissions. Mr. Roland seconded motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Rinehart moved to grant a waiver from Section 304.3.A(10) of the Subdivision and Land Development Ordinance in order that a new preliminary plan would not have to be

files as a result of additional waiver requests. Mr. Roland seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Walter Woessner inquired about the status of the proposed Whispering Woods development. Mr. Preston stated that typically action is not taken on a plan until there has not been any activity for one year. He noted that the status of this plan should be reviewed.

Project: Heather Glen Applicant: Heritage Building Group

Mr. Rinehart moved to approve Escrow Release No. 15 for Heather Glen for the amount of $81,503.55 and terminate Escrow Release No. 14. Mr. Preston seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

5. OTHER BUSINESS

Resolution No. 2008-44 (2009 Budget Approval)

Mr. Preston stated that the 2009 sewer operating budget is balanced with the use of funds carried over from fiscal year 2008. Mr. Preston stated that he is raising the issue to the Board Members because if tapping fees in the amount $338,000 are not received through 2012 sewer rental rates would need to be increased to $780 sometime between 2011 and 2012. This results from not receiving tapping fees when individuals connect or not receiving tapping fees from developers when they want to reserve capacity. Mr. Preston stated that these tapping fees are required to keep the sewer system going otherwise we are supporting the developers through assessments from our users. Mr. Preston provided documentation to be attached to the minutes.

Mr. Rodgers provided an overview of the 2009 budget as it appears below:

	Capital Reserve Fund	General Fund	Highway State Aid Fund	Sewer Capital Fund	Sewer Operating Fund	Traffic Impact Fund	Total All Funds
Beginning Balance	154,298.81	0.00	101,134.39	965,208.18	210,242.78	488,115.77	1,918,999.93

Ending Balance	176,700.55	0.00	14.39	1,084,398.93	124,440.68	550,115.77	1,935,670.32

Mr. Rinehart moved to approved Resolution No. 2008-44 for adoption of the 2009 budget as amended. Mr. Roland seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Diane Thomas of 179 Kulp Road asked if the approved budget will posted on the website and asked if the salaries will be changed. It was noted that the budget will be available on the website and that the salaries would not be changed. Ms. Thomas stated she felt that some items in the budget were frivolous.

Zena Gavin of 1112 Kulp Road asked if there will be a tax increase and the answer was no.

Resolution No. 2008-45 (Tax Resolution)
Mr. Rinehart moved to approve Resolution No. 2008-45 levying for the year an annual township tax of 3.0 mills for general purposes and a 0.06 mill tax upon all real property within 780 feet of a waiter fire hydrant within East Coventry Township. Mr. Kolb seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mrs. Miller asked if the salary increase is based on 3.7% and if there was enough in the budget to cover that. Mr. Rodgers stated there was and at that at the time the budget was originally drafted a higher amount had been used because the CPI had been at 4.5%

Resolution No. 2008-47 (Tax Anticipation Note)
Mr. Roland moved to approve Resolution No. 2008-47 authorizing the issuance of a tax anticipation note. Mr. Kolb seconded the motion.

Mr. Preston asked if proposals were solicited from other banks and what the costs for the note would be. Mr. Rodgers noted that a proposal was solicited from TD Bank but the bank had declined to submit unless the township considered having all of its accounts at TD Bank. He was unsure of what the costs would be except but felt they would be similar to last year.

Mr. Preston noted that proposals should have been solicited from more banks. Mr. Preston and Mrs. Miller noted their concern for the paragraph in the proposal from National Penn Bank on "additional conditions" at the discretion of National Penn Bank.

Mr. Roland agreed to amend his motion to approve Resolution No. 2008-47 with the condition that the additional conditions paragraph be clarified or eliminated. Mr. Kolb seconded the motion. Mr. Rinehart called for the vote and **the motion** carried with a 5-0-0 vote.

Mr. Preston inquired about the status of the request received from Finkelstine for an extension to hook up to sewer at a property on East Cedarville Road. Mr. Rodgers stated that a neighboring property owner had lodged a complaint of a malfunctioning septic system on the Finklestien property.
