

BOARD OF SUPERVISORS
CHESTER COUNTY, COMMONWEALTH OF PENNSYLVANIA
RESOLUTION NO. 2024-27

A RESOLUTION ADOPTING THE 2025 FINAL BUDGET.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of East Coventry Township, County of Chester, Commonwealth of Pennsylvania, hereby appropriates specific sums estimated to be required for the specific purposes of the municipal government, hereinafter set forth, during the year 2025.

SECTION 1. That for the revenues and expenses of the fiscal year 2025 the following amounts are hereby appropriated from the fund equities, revenues, and other financing sources available for the year 2025 and for the specific purposes set forth on the attached pages.

SECTION 2. That any resolution conflicting with this resolution be and the same is hereby repealed insofar as the same affects this resolution.

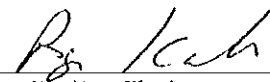

ADOPTED at the public meeting of the East Coventry Township Board of Supervisors held on this 9th day of December, 2024.

**BOARD OF SUPERVISORS OF
EAST COVENTRY TOWNSHIP**

Attest:

Eugene C. Briggs, Secretary

By:

Ray Kolb, Chairman

**EAST COVENTRY TOWNSHIP
FINAL BUDGET NOTES
2025**

The Township currently maintains eight separate Funds. They consist of the following:

General Fund	Sewer Operating Fund	Capital Reserve Fund
Benefit Escrow Fund	Sewer Capital Fund	Highway State Aid Fund
Open Space Fund	Traffic Impact Fee Fund	

For the fiscal year 2025, these eight Funds have a combined beginning balance of **\$7,106,404.61** and projected revenues of **\$12,727,587.78** making **\$19,833,992.39** available for allocation. Of that amount, **\$12,856,396.18** is projected for expenditures leaving **\$6,977,596.21** as an ending balance of all Funds in 2025. These total amounts are broken out by Fund shown in the DRAFT BUDGET SUMMARY for 2025 under the first tab in the Draft Budget 2025 binder. A summary of each Fund follows below.

A draft budget is provided to the Supervisors in October to obtain their initial individual thoughts. An increase in the millage by 1.75 mills for general-purpose real estate taxes is suggested by Staff as the consumer price index has increased 46% since the last millage rate increase in 2008. Township expenses have increased more than 33% since the last millage rate increase in 2008. An increase was suggested last year by Staff of 1 mill, but cuts and deferments were made to the 2024 Budget allowing no millage increase.

General Fund

The General Fund is projected to receive approximately **\$5,071,736.87** in revenues during 2025, which when added to the beginning balance of **\$956,966.33** brings the total amount available for allocation in 2025 to **\$6,028,703.20**. The amount projected as an ending balance for 2025 is **\$454,500.00**. 2025 expenditures are projected to be **\$5,574,203.20**, an increase of **\$1,060,925.91** from the 2024 Budget.

A transfer to the Capital Reserve Fund is budgeted in 2025 in the amount of **\$448,217.34**, which is consistent with the Township Fund Balance Policy. This Policy establishes that the Township maintains a minimum unassigned General Fund balance equal to 10% of all general operating expenditures (before any transfers to other funds) in the preceding fiscal year. Due to diminishing cash balances, there were not annual transfers of the unassigned General Fund balance to the Capital Reserve from 2019 through 2023. Not transferring funds into the Capital Reserve Fund for those five years does not allow us to properly plan and fund capital improvements when necessary.

We require approximately **\$450,000.00** to cover anticipated expenditures through April of the new year until we begin receiving tax payments. The beginning balance of **\$956,966.33** will cover these first quarter expenditures.

Wage and salary categories are increased by 3.25% for all personnel. This is reflected on the Township Pay Classification Plan included at the rear of the Draft Budget 2025 binder.

The General Fund is operating at a deficit, and we have been using the cash brought forward to continue to operate.

Benefit Escrow Fund

The Board of Supervisors created the Benefit Escrow Fund to escrow monies to cover the cost of lump sum accrued leave payments due to retiring employees resulting from accrued, unused sick leave. When the employee retires, they are eligible under the Township's Employee Policy Manual and Collective Bargaining Agreement between the East Coventry Police Association and the Township to receive payment for a maximum of 500 hours of unused sick leave at a rate of 50% of the full-time employee's standard hourly rate of pay. Monies are escrowed in the Fund to not burden the General Fund with an unexpected expense when an employee retires. We anticipate two employees retiring in 2025. The ending balance for 2025 is **\$135,324.00**.

Open Space Fund

The Open Space Fund is for the collection and expenditure of the .25% earned income tax to be collected for open space purposes pursuant to the referendum, a subsequent ordinance adopted by the Board of Supervisors, and the Preserving Land for Open Air Spaces Act of January 19, 1968, P.L. (1967) 992, No. 422, as amended by the Act of December 18, P.L. 99A, No. 153, as amended, 32 P.S. Sections 5001 et seq.

The beginning balance in the Open Space Fund for 2025 is **\$1,672,741.66**. Revenues are projected at **\$795,000.00** bringing the total available funds in 2025 to **\$2,467,741.66**. Expenditures in 2025 are projected to be **\$947,500.00** leaving a balance at the end of 2025 of **\$1,520,241.66**. Expenditures in 2025 include maintenance, capital improvements, and potential conservation and/or trail easement acquisitions.

Sewer Operating Fund

The Sewer Operating Fund covers the expense associated with the operation and maintenance of the Township's sanitary sewer system including five pump stations and payments to the North Coventry Municipal Authority for sewage treatment fees. The Sewer Operating Fund is projected to receive revenue for 2025 of **\$1,101,910.00** and a balance brought forward from 2024 of **\$309,001.62**. Expenditures in 2025 are projected to be **\$1,117,708.98** leaving a balance at the end of 2025 of **\$293,202.64**. The primary source of revenue is derived from the quarterly sewer rental fees. Currently, the usage fee is **\$185.00** per quarter. There will be **no** increase in the usage fee for 2025, since the Township is in the process of selling the sanitary sewer system to Pennsylvania American Water. However, the Sewer Operating Fund is operating at a deficit, and we have been using the cash brought forward to continue to operate. There is a need for a rate increase, but we are deferring an increase anticipating the sale of the system and understanding that the millage increase, and a rate increase could be difficult for homeowners on the sewer system. Should the sale not occur, an increase will need to occur in 2026.

Sewer Capital Fund

There are reserves for projects in 2025 for the Treatment Plant and capital expenditures for the Township and they total **\$60,000.00** in keeping with previous years' expenditures. Revenues are received as tapping fees currently (\$6,797.00 per connection) are paid for connecting to the sanitary sewer system. Revenues are projected to be **\$1,087,129.00** made up of **\$20,000.00** in interest income and **\$1,067,129.00** in connection fees. The projected year-end balance for 2025 is **\$3,827,619.00**.

Traffic Impact Fund

Monies in the Traffic Impact Fund are used to cover the cost of projects identified in the Township's Act 209 Transportation Improvement Plan. Monies are received as transportation impact fees

are paid from subdivision and land development projects. The beginning balance in the Traffic Impact Fund for 2025 is \$491,260.00. Revenues are projected at \$5,500.00 bringing the total available for expenditures in 2025 to \$496,760.00. Expenditures in 2025 are projected at \$31,000.00 for engineering and legal expenses associated with this Fund. This will leave a balance at the end of 2025 of \$465,760.00.

Capital Reserve Fund

The Capital Reserve Fund is to set aside money for various capital projects and purchases that have a useful life of five years or greater and that may be very costly. Typically, it may take several years to accumulate enough money in the Capital Reserve Fund to do a particular project. This Fund receives the majority of its income from the transfer of monies from the General Fund. A transfer from the General Fund was not proposed from 2019 through 2023 but \$448,217.34 is proposed for 2025.

The beginning balance of \$591,991.00 added with projected revenues of \$4,340,990.34 brings the total available for expenditure in 2025 to \$4,932,981.34. The increase in revenues is related to the Route 724/Peterman Road Transportation Grant of \$2,605,517.11, which had been anticipated in 2022, 2023 and 2024, but has a completion date in January 2025, subtracting projected expenses of \$4,776,678.00 leaves a balance of \$156,303.34 at the end of 2025. This balance is lower than our average over the last eight years. Under Expenses for the Route 724/Peterman Road Improvement Project, there is a match of \$800,000.00. This project's construction cost has increased by approximately \$300,000 since it was originally scoped. There are plans to replace the air conditioning units in the building as the units are outdated and not functioning efficiently. Repairs have increased to the point where it is necessary to replace the units. We have a quote from our supplier and this budget accounts for these necessary improvements. The Ellis Woods Bridge Rehabilitation Project was delayed from 2024 until 2025 to help avoid a tax increase and to allow for the pursuit of grants and will not be completed if grants covering the costs are not received.

Highway State Aid Fund

Monies in the Highway State Aid Fund are used to cover expenses associated with all things related to roadways and bridges including snow removal, stormwater, signage, construction, and maintenance. The beginning balance of \$164,030.00 added with projected revenues of \$288,621.57 brings the total available for expenditure in 2025 to \$452,651.57. Subtracting projected expenses of \$328,006.00 leaves a balance of \$124,645.57 at the end of 2025. This is the lowest recorded balance in the Highway State Aid Fund. As an example, the ending balance from the Final Budget 2022 was \$140,556.20. Expenses have increased over the years and our revenues have not kept pace. Revenues are received primarily from the Commonwealth of Pennsylvania in the form of liquid fuels tax receipts and the road turnback program.

The other concern is that the Highway State Aid Fund, which is at an all-time low, and the General Fund may have to subsidize expenses. There are not any new roads being dedicated and our Highway State Aid will not increase; however, expenses to repair and maintain these roads have increased. Highway Aid Fund ended the year in a deficit, and we have been using cash brought forward to continue operating.

Currently, work plans for 2025 are in the planning stage.
